#WELCOME MIND MAKERS

BATCH#2

Hey there, bright mind!

We are delighted to welcome you as one of 50 participants at the Mind Makers Weekend. In just 48 hours, you will work in a team with others to develop new approaches that contribute to socio-ecological transformation at the intersection of art, artificial intelligence, and sustainability. You will receive practical insights into entrepreneurship and circular business models, work with the Design Sprint method, and get to know inspiring start-ups from the GHOBB Ecosystem and its founding story.

In addition, you will receive exclusive access to the start-up ecosystem in Munich and Upper Bavaria, which has already produced a large number of successful start-ups.

What makes the Mind Makers Weekend special is that we bring together a wide variety of disciplines – from engineers and designers to musicians. This diversity creates the ideal breeding ground for interdisciplinary and impact-oriented work and for developing new perspectives together.

In addition to intensive teamwork, you can expect exciting encounters, creative exchange, and lots of new inspiration.

The program is part of the Upper Bavaria Start-up Hub, a cross-university program for systematic entrepreneurship and start-up training.

*Our additional study program: Mind Makers Masterclass: The Certificate in Innovation and Entrepreneurship starts in October 2026. Applications open from end of April 2026.

Gründungshub Oberbayern

#GHOBB

Gründungshub Oberbayern – Pooling innovative strength, promoting talent

The Upper Bavaria Start-up Hub is a joint initiative by universities in the region to promote entrepreneurial, innovative, and interdisciplinary skills among students of all disciplines. Various qualification programs provide in-depth knowledge of entrepreneurship and innovation as well as practical experience in interdisciplinary projects. The aim is to enable you to implement your own ideas, seize entrepreneurial opportunities, and actively shape social change.

➪MIND MAKERS MASTERCLASS
Certificate of Innovation and Entrepreneurship
This two-semester qualification program teaches the knowledge and skills needed to run a business or realize start-up ideas.Applications open from end of April.

➪ MIND MAKERS WEEKEND
The 48-Hour Bootcamp
A 3-day boot camp for anyone who wants to take their first steps into creative entrepreneurship and idea development.

#No prior entrepreneurship experience?

If you have no prior experience in entrepreneurship, we highly recommend completing the “impACTup!: Innovation and Entrepreneurship for Better Futures” Moodle course. The Certificate of Participation, available upon completion, is a prerequisite for applying to the Gründungshub’s upcoming Certificate Program.

#CHALLENGE

The Mind Makers Weekend is more than a crash course in entrepreneurship or Design Sprint methods. It's about working on real solutions for socio-ecological transformation. **Each bootcamp focuses on a pressing real-world challenge**.

➪ The Mind Makers Challenge: Overtourism

Many destinations face growing pressure as visitor numbers exceed their ecological, physical, and social capacities. This phenomenon—**overtourism**—leads to **environmental degradation, strained infrastructure, and the displacement or frustration of local communities**, while also diminishing the **travel experience** itself. Because the issue sits at the intersection of environmental, social, and economic systems, **overtourism represents a complex wicked problem** that requires new, systemic approaches.

#KICK OFF

Welcome to the Community!

Within two days we jump into new perspectives and skills regarding creative and sustainable entrepreneurship – all across disciplines

Friday, 24. April 2026

#SPARKS

Meet our inspiring guests and keynote speakers

#FRIDAY_CHALLENGE SPARK
Insights on Overtourism
by Monica Nadegger (PHd), LMU School of Management
Monica is a postdoc researcher at the LMU Innovation & Entrepreneurship Center and a senior researcher at the Department of Tourism and Leisure Business at the MCI – The Entrepreneurial School. In her research, she bridges research on feminist and alternative forms of organizing with her experience in the alpine tourism industry. Her mission is to understand and build new pathways for responsible and sustainable tourism development. Monica will give us a short introduction into the diverse areas that touch on the topic of overtourism and provide insights into possible solutions.

———

#FRIDAY_COURSE 1:
How Innovation transforms our society
Dr.Dominik Domnik, Ludwig Maximilians University, Munich
This keynote explores how innovation and entrepreneurship drive societal change, shaping economies, creating opportunities, and addressing social challenges by turning bold ideas into impactful solutions.

#FRIDAY_COURSE 2:
Entrepreneurship, Responsibility & EU Autonomy
Michael Kriegel, Rosenheim Technical University of Applied Sciences
Do entrepreneurs have a distinct moral responsibility? Considering today's political, social, and economic challenges, should we rethink what it means to be an entrepreneur—and is it possible to align profit, impact, and ethics in practice?

#LOCATION

TU Akademiezentrum

Raitenhaslach

Nestled above the Salzach River, the former Cistercian monastery TU Akademiezentrum Raitenhaslach is a historic venue of the Technical University of Munich dedicated to international academic exchange. Today, the restored late-Baroque building hosts seminars, workshops, and retreats in an inspiring setting.

TUM Akademiezentrum Raitenhaslach
Raitenhaslach 11
84489 Burghausen

HOW TO GET THERE
As getting to this beautiful venue is not the easiest, we **offer a shared bus shuttle** from **Mühldorf (Oberbay)** Bahnhof. The bus **departs Friday at 14:30**, with meeting time at 14:00.

#HOTEL

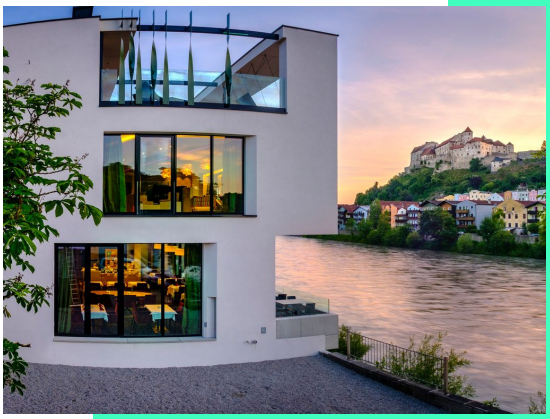
Hotel Burgblick**garni**
Located on the Austrian panoramic side of the old town, Hotel Burgblick offers stunning views of the historic center and the Burghausen Castle, the longest castle complex in the world. The hotel features modern rooms and junior suites, free parking directly in front of the building, and a complimentary spa area for guests, including a rooftop terrace with fantastic views.

For our cohort, we have **reserved shared double rooms,** which **will be assigned gender-neutrally.**

Morning and evening **bus shuttles to our conference venue** will be provided.

Check in:
Friday, 24.04.2026 from 14:00
Breakfast: from 07:00 - 08:30 am

Address
Ach 31
5122 Ach, Österreich



#GLOSSARY

#Design Sprint

A method to develop and refine ideas. By engaging in focused brainstorming, prioritization, and prototyping, we ensure that our solutions are user-centered and aligned with real-world needs. The Design Sprint allows us to test and iterate quickly, optimizing the development process and minimizing risks.

#Discursive Dinner

A dinner as an opportunity for thoughtful dialogue, idea exchange, and collaboration. We will discuss and explore innovative solutions in a relaxed yet focused setting, fostering critical thinking and diverse perspectives.

#Midday Bazaar

Feeling the midday slump? This is what you need! Catch input talks by rising start-ups, learn about accelerator programs from the GHOBB Consortium, use the time for a check-in with the coaches, or take a stroll in the park – you decide.

#Mind Makers Masterclass

A two-semester qualification program teaches the knowledge and skills needed to realize a start-up. Starting from 09/2026.

#SHARING

How we gonna work together

The MMW Server

Exclusively for our weekend event, we have created a shared portal for materials, documentation, and more. Here, you'll find presentation templates, logos in various formats, and later, work results and photos.

https://tinyurl.com/ghobb2026

Whats App

For the easy communication we will set up a Wahts App Group app. Two weeks before the event. You can use it for open questions, networking or sharing insights. We will delete the group after the event again. For further networking pelase stick to the Linked in group
